

# How to do Well in Dr. D's Online Courses

- Before the course begins, save the syllabus to your computer and/or print it out so that it is easily accessible throughout the semester.
- Make sure to refer back to the syllabus to keep up on weekly homework assignments.

- This is imperative to do in order to stay on top of the work and make sure nothing is handed in late.
- Keep a to-do list of when all the homework assignments are due or write assignment due dates down in a calendar or planner.

- Make sure to read all of her announcements/emails as they give a detailed description of feedback on the weekly assignments plus details of the next week's assignment.
- Never be afraid to contact Dr. D via email for any questions, comments, or concerns you have regarding assignments and grades. She is more than happy to help!
- Read the assignments carefully to make sure you fully understand what is being asked.

- And if you don't, email Dr. D!
- Overall, stay organized, pay attention to due dates and never feel like you cannot contact Dr. D!
